journeying through grief when a loved one dies is something people struggle with many are faced with difficult and painful feelings many feel abandoned by relatives friends and even god when one journeys through grief often times you will find the first year is the hardest in psalm 147 3 it states he healeth the broken in heart and bindeth up their wounds the bump in the road helps the reader to know the sovereignty of god outweighs any test or trial you face god

will never leave you or forsake you one must remember to stay connected to god our source of strength and comfort

life s journey through the bumps is a spiritual and inspirational journey that the author has shared with hope that it helps others traveling that long journey that loss creates loss is a brokenness that only those that have suffered a loss can relate to it is a long journey on a winding road with bumps and turns expressing grief through poetry has been her therapeutic way to help herself but also to reach out to others online and within the community one can relate to the stages of grief and loss that she has encountered and how she dealt with those situations life is like a winding road with no end in sight and many bumps along the way may you find strength in your journey and find peace in your heart life is full of challenges that we alone must face times when we will struggle to wake to face the day times that faith and courage is tested our pain to erase times we must accept the bumps will go away we can t change the tragic events that occurred in our past what happened was not our doing nor our ability to be undone we can only face life strongly and not let depression last help is available as you are not alone reach out to someone excerpt from just around the bend

the topic of autobiographical memory has held a prominent role in memory research for the past 30 years as it has proven indispensable to the understanding of human memory and cognition an important focus of autobiographical memory research is uncovering the basic structure nature and organization of the autobiographical memory system this book explores the organization and structure of autobiographical memory based on over thirty years of research and the latest empirical findings it presents the major theories and problems in the science of autobiographical memory organization at its core are two influential global views on the organization structure and function of autobiographical memory chapters 2 and 3 in addition the volume examines the organization of autobiographical memory from a developmental perspective chapter 4 it includes a chapter examining the neuroscience of autobiographical memory organization chapter 7 and a chapter examining organization from a functional perspective chapter 6 also covered is the role of culture in forming autobiographical memory chapter 5 the role of the self in organizing autobiographical memory chapter 8 insights from the reminiscence bump on organization chapter 9 and a chapter on the organization of episodic autobiographical memories chapter 10 for students and researcher with an interest in memory the volume is a timely and important addition to their literature
